DOGFIGHTING INVESTIGATIONS

1

HUMANE SOCIETY
INTERNATIONAL

hsi.org

Dogfighters Profits From the Dogs

Drugs and other illegal activities are hot beds on all three levels of dogfighting. Direct ties to human trafficking, prostitution, and/or child porn are common in animal fighting.

Humane Society of the United States

hsi.org

Arizona Dogfighting Law

§ 13-2910.01. Dog fighting; classification

A. A person commits animal fighting by knowingly:

1. **Owning, possessing, keeping or training any animal if the person knows or has reason to know that the animal will engage in an exhibition of fighting with another animal.**
2. For amusement or gain, causing any animal to fight with another animal, or causing any animals to injure each other.
3. Permitting any act in violation of paragraph 1 or 2 to be done on any premises under the person's charge or control.

B. This section does not:

1. Prohibit or restrict activities permitted by or pursuant to title 3. [FN1]
2. Apply to animals that are **trained to protect livestock from predation and that engage in actions to protect livestock.**
- C. Animal fighting is a **class 5 felony.**

§ 13-2910.02. Presence at dog fight; classification

Any person who is **knowingly present at any place or building where preparations are being made for an exhibition of the fighting of animals,** or who is present at such exhibition, is guilty of a **class 6 felony.**

4

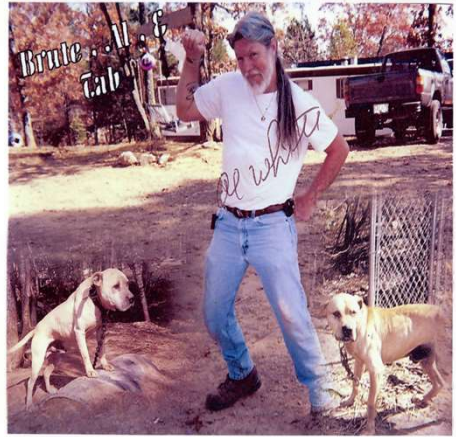

HUMANE SOCIETY
INTERNATIONAL

hsi.org

Organized Dogfighters

- Organized dogfighters have established bloodlines and yards.
- Their stock is valued as high dollar and known for their gameness.
- Amateurs view them as icons and seek their guidance on dogs.

5

Basic Terminology

- Bulldog and Hound – old school term for American pit bull terrier
- Bump/Roll – to test a dog
- Cur - An American Pit Bull Terrier (APBT) is not game or quits in the pit. Dogfighters call any dog who is not an American pit bull terrier a cur.
- Game Test and Gameness– Game Test is to assess a dog's ability and willingness to fight. A game dog will continue to go even with grave injuries.
- Cull - kill off curs
- Keep – Rigorous diet, exercise, and training program to condition a dog before a fight. Typically, six to eight weeks long.
- Pit (box) – Usually 24 to 26 inches high and 14 to 20 feet square.
- [] – refers to pit or a box dog
- CH – Champion – won three matches
- GRCH – Grand Champion – won five fights with no losses

Determining Conditioned Weight

Chain weight – 41 pounds

Condition weight – 36 pounds

- At 37 pounds the dog has a strong bite but got winded and had no endurance.
- At 36 pounds he had a stronger bite, strong hold on his opponent, and increased endurance.
- At 35 pounds the dog's endurance increased but his bite was not so hard and could not hold his opponent thus losing his grip.

It is determined the best fight weight for the dog is 36 pounds – he has the optimal mouth and endurance. After his weight is determined the dog is either game tested or matched.

Common Methods to Cull Dogs

- Gun shot – primarily used in rural areas with a 22 to the head.
- Hanging
- Electrocution
- Drowning – Typically 55 gallon drum barrel with locking lid or drop in cage.
- Other – some fighters are vindictive and take the dog's loss as a hit to their ego.
 - Allowing other dogs to kill the dog
 - Beat dog to death ,etc.

84

 Yup, she quit period. It is what it is because a game hound don't know the difference between a courtesy or a scratch to win but charges tru as long as the competition is in front of him.....OTW
 Keep it real and keep it stretching!! B&B

Bluestar Forensic

Bluestar Forensic is a reagent that reveals blood stains that may not be visible to the naked eye. Unlike luminol, Bluestar will not breakdown or destroy DNA.
